TRUSTEESHIP in any formwhether the present investment of money, or the management of an estate, converting it, reinvesting it, seeking to make it more remunerative; or the execution of a will, securing to those designed to be benefited the best returns-requires patient and continued attention, special abilities and knowledge and devotion apart from other affairs.

THE INDIANA TRUST COMPANY does this work. With a capital of \$1,000,000, and a liability of its stockholders of \$1,000,000 more, its basis of financial responsibility speaks for itself. Its organization, the legal safeguards that surround it, the quality of its officers and directors. its facilities are things of which candid examination is invited.

HEAVIER TRADING ON NEW YORK

Sugar Trust Sold Down and Big Losses in the Grangers-Indianapolis Grain Strong and Lively.

At New York, yesterday, money on call was easy at 1 per cent.

Prime mercantile paper, 21/25 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.88% @1.89 for demand, and at \$4.871/4@4.871/2 for s'xty days; posted rates, \$4.881/204.90; commercial Poultry-Hens, 6½c per lb; spring chickens, 1894, 12@15c; turkeys, old toms, 3c per lb; hens, 6c per lb; ducks, 6c per lb; geese, bills, \$4.861/404.86%.

Silver certificates, 64@65c. Bar silver closed at 62%c per ounce; at London,

28 1-16d. Total sales of stocks were 315,041 shares, American Sugar standing at the top with 71,800; St. Paul, 41,200; Chicago Gas, 23,5(0; Northern Pacific, preferred, 18,100, and Western Union, 17,900. Trading was active on the Stock Exchange yesterday from the opening to close. The aggregate transactions were larger than on any day for months past, and more widely distributed.

A strong tone characterized the opening dealings, due to purchases for the foreign account as well as to firmness of American securities on the London Stock Exchange. There was good buying in all the arbitrage stocks during the morning, but during the afternoon a large percentage of these purchases were resold, which he ped swell the volume of the selling movement,

manipulated by the short interest. The first sign of weakness displayed was in Sugar, which, after an advance of % per cent., broke 2% on liquidating sales for the account of a belated bull, whom the recent decline had forced to sell stock he was holding for a rise. The general list sympathized with the depression in Sugar, and declined 40% per cent. A quick rally ensued, in which the greater part of the losses were recovered. An advance of 1/2 had been made in Northern Pacific preferred shares in the opening on London buying and the break from the top figure was 4 per cent. Before noon Northern Pacific preferred had rallied 11/8, and the other shares which had receded made a fractional recovery. After midday prices advanced for nearly an hour, the improvement ranging to 11/2. About 1 o'clock the upward movement was checked, and a decline of 1/4 to 21/4 was established. Before 2 o'clock a fractional rally took place which was of brief duration, and under renewed selling prices again sought a lower level. After delivery hour an improved tone was noticeable, Distilling moving up 14. Northern Pacific preferred 114, and other shares a fraction. Sugar came into good demand to cover short contracts, and rose to 9614, a gain of 4 from the low point of the morning, closing at a reaction of 1/2, making an advance on the day of 11/2. Some few of the specialties were weak in the final trading, but the general market, although lower than Saturday, closed firm. Chicago Gas showed an advance of 1%, United States Cordage 11/2 and National Cordage, 14. The greater portion of the list is down as compared with the last prices of Saturday. Evansville & Terre Haute is off 48; Louisville & Nashville, 34: Alton & Terre Haute and Interior Conduit, 214; Northern Pacific preferred, 214; Nickel-plate firsts preferred and Pullman, St. Paul preferred and Cotton Oil preferred, 15; Delaware, Lackawahna and Long Isl-

changed on the day. The railway and miscellaneous bond market was weak throughout the greater portion of the day, but some of the issues traded in recovered sharply in the final dealings. Quiet Day in Trade Circles with but

Few Fluctuations.

The week's business opened rather tame

as compared with last week. In prices no

ceipts of fruits of the season and of vege-

now on the market, but not as choice and

large as usual. Irish potatoes, both old and

new, are in good supply and weak in price.

Old Irish potatoes are 75c a bushel. Poultry

and eggs are firm on only moderate re-

ceipts. Wool is weak at prices quoted. Seed

men are busy, prices ruling easier on clover

and other grass seeds. Grocers are not com-

plaining of a quiet day or two, as for some

days past there business has been very large. Dry-goods houses yesterday were do-

There was more snap to the local grain market yesterday than for several days,

and a better demand for all cereals. Some

interest is taken on the results of the re-

Anent the Coal Famine. W. W. Hubbard, secretary of the Island City Coal Company, said yesterday in speaking of the coal famine: "There has not been a ton of coal mined in this State since April 21. We would have no trouble to arrange a schedule in this State if the Eastern operators would seitle the matter with their men. The former price was 70 cents for bituminous and 80 cents for block coa!. When the old contract expired the Eastern operators wanted to cut the scale to 50 and 60 cents. Out here we are willing to make it 60 and 70 cents, and we think that would be satisfactory to the men.

Even if the miners would work we cannot

afford to operate in this State alone at a

higher rate than is paid in the East, so we

are compelled to remain idle. The supply

has now become so scarce that some of

the roads in Michigan have returned to

the old wood burners, and none of the

roads ber have more than a few weeks'

supply left."

> Frost at Home and Abroad Struggled with a Strong Selling Movement -Provisions Slightly Higher.

CHICAGO, May 21 .- Wheat went up and down with bewildering alacrity to-day, closing with a %c gain after an advance of 11/2c and an equal decline. Frosts at home and abroad caused the strength and free selling was responsible for the temporary reactions. July corn closed unchanged. Oats were unchanged and provisions finished slightly higher.

In wheat there was a heavy trade and broad market, with the prices very irregular. Opening trades were at 3/61c advance, and after selling down %c, rallied 14c, broke 14c, rallied 4c, changed some and closed firm. The early strength came from the frost scare. The stronger tone was considerably helped by private advices from abroad, reporting damage by black frost. The decrease in the visible of 1,466,000 bushels also acted as a strengthener. A good many local longs sold out on the early rally and many went s'ort. Pardridge was again a prominent seller during the early morning, but these offerlngs were very readily absorbed by anxious buyers. Free realizing was responsible for the sharp break later, but more buying firmed up the market at the close.

Corn experienced a lively trade during the first hour, but was quiet later, prices for the day covering but %@%c range. The tone was firmer, the strength coming from the weather. Opening trades were at %@ 1/2c advance, sold up 1/4@%c, reacted 1/4@ %c, ruled firmer, changed some and closed

The interest in oats centered in September, which was bought freely early and prices advanced 14@%c. An increase in the offerings and the decline in other grains created weakness and prices receded 1/20 %c. A small reaction followed the bulge

and the market closed quiet. Lower prices at the yards and hog receipts largely in excess of the estimates caused a slight decline in values at the opening in provisions. The market soon firmed up to near Saturday's closing figures on the boom in wheat and co.n. It was exteremely dull later on with weakness in response to the break in wheat. The market was very narrow. Just before the close there was some buying, values advancing to the outside figure of the day, with the closing strong for pork and lard and firm for ribs. Compared' with Faturday night, July pork is 5c higher; July lard unchanged and July ribs .021 c higher. Estimated receipts for Tuesday are: Wheat, 110 cars; corn, 660 cars; oats, 315 cars; hogs, 16,000. Leading futures ranged as follows:

Raids by Small Boys.

For some time the neighborhood of Massachusetts avenue and Vermont street has been bothered with a gang of small boys, who make sudden dashes into grocery and candy stores, seize the choicest of the sweets and escape. The gang also made raids on washings as they hung in the back yards and captured minor pieces of clothing. Yesterday patrolman Mackassey arrested Harry Brandon, aged thirteen years. Harry Weir, aged nine years, Tony Carolina, aged twelve years, and Olmer Miller, aged twelve years, on charges of being parties in the stealings.
